22 procurement procedures. All specifications shall be written to promote
23 competition. Services for projects delivered on the design-build basis,
24 construction manager-general contractor basis, or construction management-
25 at-risk basis shall be procured in accordance with KRS 45A.180, KRS
26 45A.183, and the regulations promulgated in accordance with KRS 45A.180.

7 institution's supplying its real needs at the lowest possible cost. To accomplish this
8 the board may enter into cooperative agreements with other public or private
9 institutions of education or health care.

10 ~~(12)~~~~(11)~~ The governing board shall have control and supervision over all purchases of
11 energy consuming equipment, supplies, and related equipment purchased or
12 acquired by the institution, and shall designate by regulation the manner in which an
13 energy consuming item will be purchased so as to promote energy conservation and
14 acquisition of energy efficient products.

15 ~~(13)~~~~(12)~~ The governing board may negotiate directly for the purchase of contractual
16 services, supplies, materials, or equipment in bona fide emergencies regardless of
17 estimated costs. The existence of the emergency must be fully explained, in writing,
18 by the vice president responsible for business affairs and such explanation must be
19 approved by the institution~~university~~ president. The letter and approval shall be
20 filed with the record of all such purchases. Where practical, standard specifications
21 shall be followed in making emergency purchases. A good faith effort shall be made
22 to effect a competitively established price for emergency purchases.

27 report shall be completed on a form provided by the department.

1 (b) If purchasing agricultural products, a governing board shall encourage the
2 purchase of Kentucky-grown agricultural products in accordance with KRS

6 purchased in accordance with KRS 45A.645. Only contracts entered into or
7 renewed after July 15, 2008, shall be required to comply with the provisions
8 of this subsection.

10 shall, on or before January 1 of each year, provide a report to the Legislative
11 Research Commission and to the Department of Agriculture describing the
12 types, quantities, and costs of each product purchased. The report shall be
13 completed on a form provided by the department.

14 **(15) Notwithstanding KRS 45.760, the governing board may authorize a capital**
15 **construction project or a major item of equipment even though it is not**

25 **item of equipment to the Capital Projects and Bond Oversight Committee**
26 **for review as provided by KRS 45.800.**

27 **(16)**~~(14)~~ Governing boards shall apply the reciprocal resident bidder preference

1 described in KRS 45A.494 prior to the award of any contract.

2 ~~(17)~~~~(15)~~ Governing boards may authorize the use of reverse auctions as defined in

4 **(18) (a) Notwithstanding KRS 56.070, the governing board may obtain private**
5 **insurance to cover any state property in the institution's possession against**
6 **loss by fire and other hazards. The level of private insurance coverage shall**

8 **through the state fire and tornado insurance fund. An institution whose**
9 **governing board elects to obtain private insurance shall notify the secretary**
10 **of the Finance and Administration Cabinet at least six (6) months before**
11 **terminating the institution's insurance coverage through the state fire and**
12 **tornado insurance fund.**

13 **(b) No later than January 1 of each year, an institution whose governing board**
14 **elects to obtain private insurance instead of insurance coverage provided**
15 **through the state fire and tornado insurance fund shall certify, in writing,**
16 **to the secretary of the Finance and Administration Cabinet that the**

- 4 Governor, and the General Assembly by December 1 annually. This report shall
- 5 include a description of contributions by postsecondary institutions to the quality of
- 6 elementary and secondary education in the Commonwealth;
- 7 (4) Review, revise, and approve the missions of the state's universities and the
- 8 Kentucky Community and Technical College System. The Council on

- 15 (6) Engage in analyses and research to determine the overall needs of postsecondary
- 16 education and adult education in the Commonwealth;
- 17 (7) Develop plans that may be required by federal legislation. The council shall for all

2 consider the fees required of Kentucky students by institutions in adjoining states,
3 the resident fees charged by other states, the total actual per student cost of training
4 in the institutions for which the fees are being determined, and the ratios of
5 Kentucky students to non-Kentucky students comprising the enrollments of the
6 respective institutions, and other factors the council may in its sole discretion deem
7 pertinent;

8 (9) Devise, establish, and periodically review and revise policies to be used in making

23 associate degree programs of a vocational-technical and occupational nature.
24 Without the consent of the General Assembly, the council shall not abolish or limit
25 the total enrollment of the general program offered at any community college to
26 meet the goal of reasonable access throughout the Commonwealth to a two (2) year
27 course of general studies designed for transfer to a baccalaureate program. This

2 eliminate or make changes in individual programs within that general program;
- 3 (16) Eliminate, in its discretion, existing programs or make any changes in existing
4 academic programs at the state's postsecondary educational institutions, taking into

- 2 1. Ensure that the orientation and education program comprises six (6)
3 hours of instruction time and includes but is not limited to information
4 concerning the roles of the council and governing board members, the
5 strategic agenda and the strategic implementation plan, and the
6 respective institution's mission, budget and finances, strategic plans and
7 priorities, institutional policies and procedures, board fiduciary
